

BERRY HARVERSTER

8040

FEATURES

- ✓ **LED Light Package** Improved visibility while harvesting at night.
- ✓ **7" High-Resolution Color Display** integrated harvester controls for in-field adjustment and troubleshooting.
- ✓ **Total Control Joystick** puts all of the major machine functions at your fingertips.
- ✓ **Bilingual Display** English or Spanish.
- ✓ **Cruise Control** Set the cruise control and the harvester will maintain your set speed. It even resumes your speed when you enter a new row.
- ✓ **Extended Rear Decking** Optional decking for increased fruit storage.
- ✓ **Auto-Steer** Improved system has on screen display and four waterproof sensors for improved accuracy and reliability.
- ✓ **Auto-Height Function** Optional. Operator can set a ground height and machine will maintain it throughout the row.
- ✓ **Optional Side Guard Lower Belts** Gentle handling for the highest quality blueberries.
